### A Round About Tri-Valley

-Carol Furman

Condolences to the family and friends of Karl Allison of Neversink who passed away on September 8 at the age of 93.

Sympathy also to the family and friends of Mary Edwards of Napanoch who died at the age

of 68 on September 8.

It was nice to see Pastor Peggy of the Grahamsville Methodist Church at the September 13 church luncheon. She's been through a lot since her automobile accident! By the way, the luncheon was well attended and, as usual, the food was delicious.

There were 187 dinners served at the Grahamsville Reformed Church roast beef dinner

on September 10.

Mark McCarthy is going to be preparing one of his famous chicken barbecues again on Friday, October 7 from 11:00 am - 7:00 pm. The barbecue featuring BBQ chicken, baked potato, coleslaw, roll and cookies will be held at the Grahamsville Methodist Church. You can eat in or take out. Adults: \$10.00

If you are the parents of a soccer player, your schedule is pretty full until the end of October. Sometimes there are two practices during the week and, of course, a game on Sunday after-noon. If you have more than one child involved in the soccer program, it can get hectic!

Words of Wisdom: When I was looking for something to add to my column, I came across an article, which I have shortened, entitled "Picture of Peace" by Catherine Marshall. Once a king offered a prize to the artist who could paint the best picture of peace. Many pictures were submitted, but there were only two the king liked. One was a picture of a calm, mirror-like lake with towering mountains all around and fluffy white clouds above. The other picture had mountains, too. But these were rugged and bare. Above was an angry sky from which rain fell. Down the side of the mountain tumbled a foaming waterfall. It didn't look peaceful at all. But, when the king looked closely, he saw behind the waterfall a tiny bush growing in a crack in the rock. There in the midst of the rush of angry water, sat a mother bird on her nest - in perfect peace. Which picture do you think won the prize? Peace does not always mean to be in a place where there is no noise, trouble or hard work. Peace means to be in the midst of all those things and still be calm in your heart. That is the real meaning of peace.

A Tradition to Treasure – The 31st Giant Pumpkin Party Booklet
This year's Giant Pumpkin Party Booklet is

available for everyone to see, and one of the booklet's favorite features is the children's artwork. The art teachers at Tri-Valley elementary school submit the children's drawings. From this pile of creative artwork, drawings are chosen every year to appear in the booklet. A difficult task!

This year's front cover was created by fourth grader Molly VanEtten and the large pumpkin's face beckons one and all. On the back cover, third grader Jordan Dymond has created a happy autumn hayride scene complete with a

smiling pumpkin.

On page eight, you will find expressive costumed figures by fourth grader Katelyn Sauer. The theme float contest challenges everyone to design a festive scene, and third grader Makayla Hendrickson's smiling drawing on page nine reflects the excitement of the day.

The scarecrow contest is always a hit, and fifth grader Joyce Brook's beautiful scarecrow on

page fifteen will light up the day.

Pumpkin decorating is a popular contest, and on page seventeen you will see fifth grader Kamrynn Payne's expressive pumpkin celebrating his winning ways.

Don't miss the Guess the Weight of the Giant Pumpkin drawing on page twenty-one. Fifth grader Connor Weyant's drawing depicts the day's most important event - weighing those plump pumpkins!

Third grader Zoey McGee's drawing captures the musical energy that the day's entertainers

always provide on page 89.

Once again, Tri-Valley's art teachers graciously oversee t his task and make the booklet something to treasure.

Nature Column - Linda Comando

A tribute to the memory of all of the Townsman ladies that we have lost and loved so much... Peggy DeWire, Avril Pappa, Joan Hall , Polly Hill, Joyce Lockhart and Jean Helthaler.

The Real Villain of this Allergy Season?

Itchy eyes and a runny nose this time of year is so commonly blamed on those blazing fields of goldenrod. A few years back when Peggy was with us, she published a column on Goldenrod, it was then that I learned the true culprit of this seasonal allergy.

According to Peggy's notes:

'As Jean and I were enjoying a cup of tea at my kitchen table, she waved her spoon at the vase of yellow bright Goldenrod say-ing, "That flower causes hay

fever." "Does not," I d. "Goldensaid. rod gets blamed for hay fever because

Goldenrod

blooms at the same time as ragweed, the real villain - Goldenrod is insect pollinated; ragweed is wind pollinated."
"Maybe so," Jean replied, holding her cup for a

refill. Mmm this tea is good and different. Licorice flavored and pretty yellow in color."

"Jean, we're drinking Sweet Goldenrod tea that I made from the leaves of the bouquet!"

The 'real' villain - Ragweed! Scientists estimate that a single ragweed plant can release one billion grains of pollen over the course of a single ragweed season. And the grains are so light that they float easily even on gentle breezes. Pollen has been detected

as far as 400 miles out to sea and up to two miles high in the atmosphere.
If t

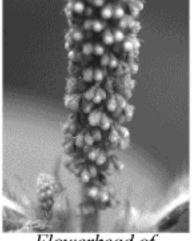

sounds bad, things may soon get even worse. Recent studies suggest that rising temperatures and carbon dioxide levels are extending ragweed sea-In

Ragweed

parts of the country, the season used to start in mid-August and run through September: now it seems to begin from the first of

August through mid-October. Ragweed is a common perennial herb growing a slender, branching, strawcolored stem to a maximum height near five feet, but more often remaining under thirty-six inches tall. Leaves are up to 4 inches long and vary in shape from fanceshaped to nearly oval, and they are divided into many narrow, pointed lobes. The stem and leaves are hairy

The top of the stem is occupied by an inflorescence (complete flowerhead of a

Flowerhead of Ragweed

plant including stems, stalks, bracts, and flowers) which is usually a spike. The species has both male and female reproductive organs; the flowerhead is composed of staminate (male) flower heads with the pistillate heads located below and in the axils of leaves.

The pistillate heads yield fruits which are achenes located within oval-shaped greenish-brown burs about 1/6 of an inch long. The burs are hairy and sometimes spiny. The plant reproduces by seed and by sprouting up from a creeping rhizome-like root system.

Now that we know the truth, maybe we should do what Peggy's friend did.

"As she got up to leave, Jean said, 'I think I'll dry some leaves and make my own Sweet Goldenrod tea.' And she sniffed the yellow flowers on her way out."

### Night Work

Mysterious Book Report No. 257

by John Dwaine McKenna

Author David C. Taylor hit the literary ground running last year when his first crime-fiction novel entitled Night Life, featuring tough-guy Michael Cassidy was first published. Cassidy's a classic, Phillip Marlowe kind of detective, working the mean streets of 1950s New York City at a time when the Cold War-with it's potential threat of nuclear Armageddon-was

at its zenith, and Senator Joseph McCarthy was building his power base.

Now, Taylor's back with the second installment of his Michael Cassidy series, and he's hit the sweet spot again, focusing this time on the ouster of Cuban dictator Fulgenico Batista by Fidel Castro. Night Work, (Forge/Tom Doherty, \$25.99, 318 pages, ISBN 978-0-7653-7485-1) opens on the cusp of Christmas day, 1959 when detective Michael Cassidy gets tasked with prisoner escort duty. He's to pick up a Cuban triple murderer named Echivera at Rikers Island Jail and return him to the authorities in Havana. Nursing a bruised heart and pining for a Russian woman who disappeared, Cassidy

applied for and has been granted leave time . . . planning to rest and relax in the warm tropical sun . . . maybe even do some gambling in one of the many mob-owned casinos. But, the easiest way to make God laugh is to make plans. Moments after he's delivered into the hands of the Cuban authorities, Eschivera is dead, and Cassidy makes a discovery that changes his life and turns him into a wanted man . . . an outlaw on the run in the mountains of Cuba. Then comes New Years Eve, 1960-and as everyone who's watched *The Godfather, Part II* knows, the rebels march into Havana, triumphant, and Batista flees the country-and everything changes again in another one of many stunning plot twists in this intricately detailed novel that combines fact and fancy so smoothly and seamlessly that it's hard to tell at times, which is which. One thing for sure though. All those who read this fast and furious, atmospheric and one hundred percent noir novel will, like me, be Michael Cassidy fans for life! David C. Taylor's already a star in the hard-boiled fiction universe . . . I look for him to be an even bigger and brighter one in the future!.

### The Olive Jar - By Carol LaMonda **Blue Hole Update**

Summer of 2015 at The Blue Hole

"You're either part of the solution or you're part of the problem." Eldridge Cleaver

Last year a major magazine article touted the undiscovered treasure of the Blue-Hole Swimming Hole in the Peekamoose. It did not remain undiscovered long. Throngs of tourists came, blocked the road, camped out and littered the place leaving it more like a swill hole than the cool, blue, refreshing pool of mountain water it had been. It was a real problem talked about on social media and in the press. Hundreds, thousands maybe, "tsk-tsk-ed" and lamented how OTHERS could have no regard

for the natural beauty of the Blue-Hole. However, the progress made to protect the spot came from local communities and a few individuals who actually worked to a solution by cleaning up and making the DEC aware of the problem. Thanks to Trout Unlimited, Ed Ostapczuk, Rick Negron and friends in particular, and to Hoppy Quick who mustered neighbors Linda Sobel and Joe Ferrara, the mess was trucked away and petitions circulated to regulate its use.

They say pictures are worth a thousand words, so here are two thousand words about the progress from last year to this year. Here's hoping that the rocks and signs will deter the needless disregard for this natural gem of the Catskills.

Summer 2016 at The Blue Hole

DEP Announces 2016 Reservoir Cleanup Day DEP will partner with watershed community groups to remove litter and recyclables from public recreation areas at nine reservoirs in the Catskills and Hudson Valley -Nearly 350 volunteers collected 17 pickup truck loads

of debris during 2015 cleanup effort

The New York City Department of Environmental Protection (DEP) today announced that it will team up with school groups, business leaders, environmental advocates, local nonprofits and watershed citizens to remove litter and recyclables from public recreation areas at nine water supply reservoirs in the Catskills and Hudson Valley. Hundreds of volunteers are expected to participate in DEP's third Reservoir Cleanup Day on Oct. 2. The volunteers will remove debris from areas that are generally used for fishing and boating access. Reservoir Cleanup Day is made possible with support from the Catskill Watershed Corporation.

This year's cleanup follows a successful effort in 2015, during which 17 truckloads of recyclables and debris were removed from dozens of miles of shorelines at Ashokan, Cannonsville, Kensico, Lake Gleneida, Muscoot, New Croton, Neversink, Pepacton and Rondout reservoirs. The haul included 100 bags of debris that blew onto reservoir property from nearby roads or were left behind by those accessing the reservoirs for recreation.

DEP's Reservoir Cleanup Day is among dozens of similar events happen-ing across the state as part of the American Littoral Society's annual New York State Beach Cleanup, which organizes volunteers to remove debris from beaches, lakes and other popular bodies of water. DEP is among the government agencies, business and foundations that sponsor the statewide effort. In 2015, the New

York State Beach Cleanup included 7,723 volunteers across 26 counties, accounting for the removal of 125,554 pounds of debris along more than 250 miles of shoreline.

"The volunteers who join our Reservoir Cleanup Day each year exemplify the best of environmental stewardship and community service," DEP Acting Commissioner Vincent Sapienza said. "Thousands of people visit New York City's reservoirs each year to fish and paddle, and hike the surrounding lands, which are known for their scenic beauty. As the area attracts more visitors each year, we've been able to keep our water supply lands and reservoirs free of debris thanks to this annual event and the day-to-day work of those who care deeply about the environment, including our dedicated staff at DEP."

"The New York City DEP has been a major supporter of our shoreline cleanup and marsh restoration efforts in NYC, and an active participant in the New York State Coastal Cleanup from its incention in 1086," said Don Piene, director of the Northeast Chapter of the

from its inception in 1986," said Don Riepe, director of the Northeast Chapter of the American Littoral Society. "We are thrilled that the City has expanded these efforts over the past three years to include hundreds of volunteers who conduct cleanups around its upstate reservoirs.

Cleanups this year will happen at Ashokan, Cannonsville, Pepacton and Rondout reservoirs in the Catskills, and Cross River, Kensico, Lake Gleneida, Muscoot and New Croton reservoirs in the Hudson Valley. Each cleanup at these locations will begin at 12 p.m. and is expected to finish no later than 3 p.m. Volunteers will meet at central locations designated for each reservoir, which are listed below. DEP will have tents or signs posted at each of

the locations to help volunteers find them easily.

To help reach volunteers DEP has worked with local nonprofits, schools and community groups for the cleanup efforts at each reservoir. Individual who wish to volunteer can also reach out to DEP by calling (800) 575-LAND or by emailing watershedevents@dep.nyc.gov. Pre-registration is highly encouraged. Registration links for each of each of the cleanups can also be found on DEP's watershed Facebook page by visiting www.Facebook.com/NYCWatershed.

#### **Banned Books Week** September 25 - October 1, 2016 Celebrating the 34th Anniversary of the Freedom to Read

More than a book a day faces expulsion from free and open public access in U.S. schools and libraries every year. There have been more than 10,000 attempts since the American Library Association (ALA) began electronically compiling and publishing information on book challenges in 1990. Thirty-four years after the first observance of Banned Books Week there are still attempts to remove books from public library shelves.

In one case, the Plymouth-Canton school district in Michigan considered banning both Toni Morrison's "Beloved" and Graham Swift's "Waterland" after complaints from some parents of objectionable content. Both books were eventually allowed to stay on school shelves after a review committee heard from teachers, students and parents in support of the books during public meetings. But, unfortunately, even with the help of outspoken supporters, books are still being removed.

"Forever" by Judy Blume was one of more than 70 titles a Fayetteville, Ark., mother requested be removed in 2010. Twenty-five years earlier, the book was restricted in the Park Hill (Mo.) South Junior High School library because the book promotes "the stranglehold of humanism on life in America."

"Throughout history, there always have been a few people who don't want information to be freely available. And this is still true. We hope to remind Americans that the ability to read, speak, think and express ourselves freely is a right, not a privilege," said ALA President Julie Todaro. "The reason more books aren't banned is because community residents - with librarians, teachers and journalists - stand up and speak out for their freedom to read. Banned Books Week reminds us that we must remain vigilant."

The ALA and the Ramapo Catskill Library System are endorsing the observance of Banned Books Week September 25 - October 1, an annual celebration of our right to access books without censorship. This observance commemorates the most basic freedom in a democratic society - the freedom to read freely - and encourages us not

"Banned Books Week is about choice and respecting the rights of others to choose for themselves and their families what they wish to read," says Robert Hubsher, Executive Director of the Ramapo Catskill Library System. "Book banning and challenging has a domino effect. If we stand by and let the first book come off the shelf, we run the risk they will all come tumbling down. American libraries are the cornerstones of our democracy. Libraries are for everyone, everywhere. Because libraries provide free access to a world of information, they bring opportunity to all people."

Challenges and attempts to remove books during the past year are as strong as ever. Challenges are defined as formal, written complaints filed with a library or school requesting that materials be removed because of content or appropriateness. About 70 percent of challenges take place in schools and school libraries. According to James LaRue, director of the Office for Intellectual Freedom, the number of challenges reflects only incidents reported, and for each reported, four or five remain unreported.

"We are as busy as we've ever been in fighting censorship attempts in schools and libraries," LaRue said. "Libraries are no longer simply about books - but also about DVDs, videogames and online information."

"Young Adult books are challenged more frequently than any other type of book," said Judith Platt, chair of the Banned Books Week National Committee. "These are the books that speak most immediately to

It wasn't a tractor! It wasn't an antique car! And it wasn't a Batmobile! ... it was Jim Richardson sporting a new kind of vehicle.

Usually you see Jim next to one of his Army vehicles, but not this weekend. Jim had the newest vehicle at the show, a three-wheeled motorcycle – a Slingshot !

Jim and his wife Terry just purchased their new 2016 Sligshot that seats two people side-by-side; sort of a 2-seat roadster that looks like it could out run a Batmobile!

It definitely will change their onroad experience quite a bit from a ride in the huge army jeep!

Best of luck to you both and may you enjoy many years of fun and adventure with your new Slingshot!

Jim, just take their word for it that it can go 240 mph!

This 1936 Linn truck perhaps was not the oldest vehicle at the show, but surely one of the great attractions.

From the information provided, this 80 year old truck was used to plow roads in Sullivan County through the 1950's. The Sullivan County Department of Public Works are the owners of this restored vehicle that was quite a contrast to the new Slingshot that was on display just a few yards away. just a few yards away.

The Tractor Show, Sportsman Flea Market and Community Yard Sale was a perfect blend of something different for everyone. Thank you to all who helped make this another great local event!

To the right, Al Hall appears quite content to drive his antique tractor at a slow pace during the cavalcade of antique and vintage tractors around the fairgrounds.

Al and many other participants had their tractors and antique machinery on display throughout the weekend.

### Fallsburg Retired Teachers and Staff Meet for Annual Breakfast

Retired art teacher Bob Longo with one of his photo collages of the breakfast history

Just prior to the opening of classes at Fallsburg Central School District each fall, retired teachers and staff have been gathering for breakfast. The annual event held this year on September 6 at the Blue Horizon Diner in Monticello began in the early 1980's when a few retired teachers got together for breakfast on the opening day of school.

Art teacher Bob Longo has been attending these events since the beginning. As usual, he brought several of his hand painted signs, one with a collage of photos from many years past and dating back to the early breakfasts of the 1980's. He also entertained the group with some singing along with Frank Sinatra's recording of "My

Way." Thirty-six retirees attended, including recently retired teachers Ellen Pavloff, Mary Ellyn Levy, Michelle Denenberg and Karen Billig.

Ms. Ceil Cohen and Ms. Mona Bogan co-hosted and welcomed all the guests. They acknowledged the newest retirees, asked for a moment of silent for col-leagues that passed away since the last breakfast, and shared correspondence from several friends that were unable to make the trip to this year's event. The morning was filled with a lot of sharing of news, catching up with family mile-stones and stories of children and grandchildren, and fond reminiscing about school days passed at Fallsburg Central School District.

As a writer and arts educator, her work has led her to co-creating an arts organization dedicated to transforming the conversation around race and skin color, called Company Cypher. Inspired by the play In The Cypher, which she co-conceived in 2007, Company Cypher uses theater, hip hop, spoken word and community dialogue among multicultural popula-

tions to ignite discussions around race and skin tone prejudice. She has facilitated numerous workshops through Cyphering Education (Company Cypher's educational branch) to young adults as well as graduate students at Yale University. Sarita has received grants from the Lower Manhattan Cultural Center, The Puffin Foundation and Open Meadows, for her work with Company Cypher.

Engaged by history since childhood, at 8 she was among the four children selected to break New York's de facto segregated "neighborhood school plan" in the wake of the historic Brown v. Board of Education decision. The mother of twin daughters, Adams launched her publishing career when negative images of race and gender began to taint their lives. BackPax books, audios, and games are the result. Since 1986, BackPax has received numerous accolades. Among them: the Parents Choice "Gold Seal" Award for innovation in children's media and the American Library Association's "Best of the Best." A classically-trained pianist, she is a graduate New York's High School of Performing Arts. Her master's is the nation's first graduate degree in Black Studies. ### **Cleaning Buckets for Flood Recovery Efforts**

The United Methodist Committee on Relief (UMCOR) provides assistance to individuals and communities in times of disaster. Among other efforts, it provides 6 types of helpful supply kits for vulnerable people in times of need. These kits are distributed nationally and globally. Currently the United Methodist Committee on Relief is requesting cleaning buckets for distribution in the United States following flooding in areas such as West Virginia, Texas and Louisiana.

This year's community Vacation Bible School hosted by Grahamsville United Methodist Church and co-sponsored with the Grahamsville Reformed Church joined hands with the Grahamsville U. M. Church Mission Committee to respond to UMCOR's call for cleaning buckets. Working together supplies were collected and 21 buckets assembled. The items in each 5 gallon bucket (with a resealable lid) included: liquid laundry detergent, liquid household cleaner, dish soap, air freshener, insect repellent spray, a scrub brush, cleaning wipes, sponges, scouring pads, clothespins, clothesline, trash bags, dust masks, work gloves, and kitchen dishwashing gloves. Specific assembly instructions can be found on the UMCOR website for those who seek further information.

Recently, members of Grahamsville UMC delivered the 21 cleaning buckets to a pick up site in New Paltz, N.Y. From there they were shipped directly to a flood site in our country. Thank you to all those who support-

ed this mission of mercy including participants in this year's community Vacation Bible School and members of our community and local churches who gave generously to this cause. In times of crisis, it is so important for us to reach out to neighbors across the street, across the country, and across our world.

### Roast Beef Dinner in Grahamsville with Music

The Grahamsville Reformed Church Roast Beef dinner, with mashed potatoes, thick gravy, sweet corn, fresh vegetable salad and pie for dessert on Saturday September 10th was delicious as usual.

But this dinner had something extra special piano music.

The Church meeting hall has a large stage in the back, and in the middle of the stage is a dusty looking piano. It is an old "Chickering Grand" piano built in Boston. It has been frequently tuned and is in perfect pitch.

At the star of the Roast Beef Dinner there was a long line of food tables set up at the base of the darkened stage. The many food servers, with large spoons, forks and aprons had their back to the stage. When the doors opened, there was a very long line of hungry townsfolk, guests, and hungry visitors who happened to be passing by.

Suddenly the stage lights went on. White-haired Helen Miller rolled back the protective cover off the piano, pulled out the bench and sat down.

Helen plays the piano and organ. Since 2009 who had been the piano player at the Sunday services and special events. Helen says she still has piano students.

Helen placed her book of selected hymns on the piano and began an impromptu musical performance.

Encouraged by the applause, Helen went through her repertoire.

When Helen took a break (for dinner), one of her students, Adam Furman, age 11, in the 6th grade at Tri-Valley, spontaneously took to the stage. Proud Grandma G=Carol Furman was working with the food servers.

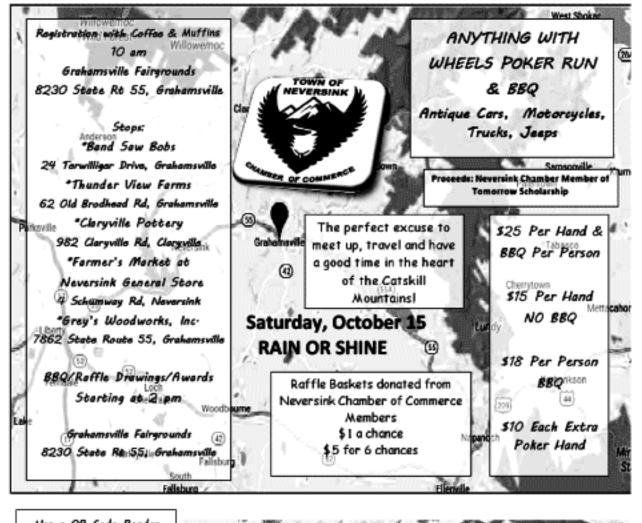

Adam's piano recital was a bit different.

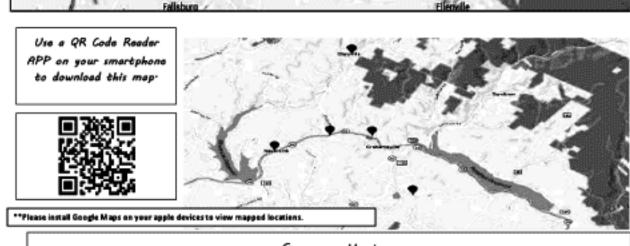

He selected lively 'ragtime' playing the entire Scott Joplin's "The Entertainer". There was a bit of toe-tapping among the eaters.

Scott started his piano lessons when he was 5 years old.

Maybe when the Grahamsville Reformed Church holds its next Turkey Dinner, it may invite other local pianists and guitarists to entertain.

### Knarf's "Classic Movie Trivia" STORMY WEATHER

(Musical, 1943)

A relationship blossoms between an aspiring dancer and a popular songstress. Directed by Andrew Stone Cast: Lena Horne, Bill (Bojangles) Robinson, Cab Calloway and His Band, Katherine Dunham, Fats Waller, Dooley Wilson, The Nicholas Brothers. This musical offers a legendary lineup of black performers, with Lena singing title song,

Fats performing "Ain't Misbehavin'," others doing what they do best. The so-called story is told in fragments, through flashbacks, and doesn't make much sense. Bill (Bojangles) Robinson is too old to be paired romantically with Horne, but they're terrific just the same. Next at 9:30 pm, The Littlest Rebel, starring Shirley Temple (Drama, 1935) A Confederate officer risks everything to see his daughter. Directed by David Butler. and starring Shirley Temple, John Boles, Jack Holt, Karen Morley, Bill (Bojangles) Robinson, Stepin Fetchit, Guinn "Big Boy" Williams. One of Shirley's best films, a Civil War saga set in the Old South, with our heroine managing to wrap Union officer Holt around her little finger and protect her Confederate officer father (Boles). Temple and Robinson do some delightful dancing as well. Also shown in computer-colored version. See these films - Sunday evening September 25, 2016 at 8:00 & 9:30 PM, 74 & 78 min. Both films B/W, TV-G, CC.
